

RESIDENT M&E MAINTENANCE LONDON

JCA provide M&E maintenance services to 100,000ft² of Grade A office accommodation, in this landmark site in Argyll Street, Soho. We're responsible for delivering full engineering services maintenance including mechanical, electrical and building fabric through a dedicated team of experienced resident engineers, supported by our in-house combustion team and an array of specialist subcontractors.

www.jca.co.uk

Our resident team deliver a wide array of services including planned preventative maintenance, reactive and emergency call-outs, minor alterations, statutory testing and competent person duties as well as project work when required via our project engineering teams.
